Assessment-Land revenue-Suspended revenue of fasli 1340-Siruguppa taluk-13 villages-4 annas further postponement-proposals

In my report Ref.C.No.6453/32 A-5 dated 23-12-32 I proposed the collection of the suspended revenue of fasli 1340 in 65 villages of Siruguppa taluk in 2 equal instalments in March and April. The mungari crops in these villages except in Ulur and Kuriganur yielded 8-11 annas and the hingari crops, white-cholam and cotton were promising and expected to yield a fair outturn. But subsequently the hingari crops did not thrive so well as promised when the above report was made and yielded only a poor outturn. The Tahsildar of Siruguppa now proposes that the collection of 4 annas of the suspended revenue of fasli 1340 in the 13 villages (4) noted in the margin may be postponed to the next fasli in view of the poor yield of the hingari crops and of the low prices now prevailing. The ryots of some of the villages came to me to the Jamabandi camp at Siruguppa and represented to me their inability to pay the suspended revenue. The collection of loan instalments due in fasli 1342 in these villages has been suspended till the next fasli in G.O.Press(Revenue) 355 dated 24-2-33 but I do not think this a sufficient relief in the case of these villages in view of their present circumstances. I therefore recommend that the collecti-

collection of 4 annas of the suspended revenue of fasli 1340 in these 13 villages may be postponed to the next fasli. Pending orders from Government I have issued formal orders under S.S.O. 14(3) (1) postponing its collection till May 10th and request that my action may be approved.

My dear MacEwen,

Assessment- Land Revenue- Suspended revenue of previous faslies- Siruguppa Taluk- your d.o. No. 112 d. 11-3-33.

I started jamabandi in Siruguppa taluk and examined the progress of collection. The Tahsildar said there was considerable difficulty in some places and some ryots were selling their last pair of bulls to pay the L.R. demand. So I asked him for a list of the villages in which the demand was pressing too hard in the light of his experience and I am recommending that the collection of 4 annas of 1340 due on 10th April be postponed till 1343 in 13 villages. The collections by the end of March of the demand for 1340 (4 annas) and 1342 (12 annas) were not bad varying from

Village	demand	balance
K.Belagal	Rs 4636	Rs38
Mudunur	1979	551
K.Sugur	3279	841
Saligunur	969	274

The ability of the headman may have much to do with the proportion of collection to demand; moreover to make a public admission that the state of collection is being used as a guide to the necessity for relief is to invite passive resistance to collection in future. So I am not making these figures a reason for discriminating between the villages recommended by the Tahsildar. He is I.Venkatachellam a barber by caste and not likely to be under political influences. His word that the demand is pressing too hard in these villages may be accepted.

Yours sincerely,

F. W. Stewart.
